

SYMPATHY FOR THE BOERS.

Democrats of the House Hold Caucus on the Subject.

WANT CONGRESS TO ACT.

Unanimously Adopted Resolution Urging it to Appeal to England in Behalf of Humanity.

Washington, March 19.—The Democratic caucus of the house, at a caucus held last night, unanimously adopted resolutions declaring that Congress should express the sympathy of the American people for the struggling Boer republic, and pledging themselves to use their utmost endeavors to "force" the committee to report resolutions expressive of such sympathy; if only that Congress may have an opportunity to act.

Representative Hay of Virginia, president of the caucus, and Representative Robertson of Louisiana acted as secretary. The attendance was large. There was no division of sentiment as to the course to be taken. The question presented being simply one of choice between two resolutions, one offered by Mr. Randall of Texas and the other by Mr. Sulzer of New York. The Sulzer resolution was as follows:

SULZER RESOLUTION.
Resolved, by the Democrats of the house of representatives of the United States of America in caucus assembled, That we sympathize with the Boer republic in its struggle to maintain its liberty and independence and protest in the name of humanity and civilization against the continuation of a warfare which outrages the feelings of all liberty-loving people, and that we shall use our best efforts to have the Congress of the United States, being constituted to the principles of arbitration for the settlement of international disputes, request the president to urge upon the government of his majesty the wisdom of adopting this policy for the purpose of stopping the awful atrocities now going on in South Africa, and that the government of the United States should maintain a strict neutrality between the contending forces.

RANDALL RESOLUTION.
Resolved, by the Democratic members of the house of representatives of the United States of America in caucus assembled, That the Congress of the United States should by resolution express the sympathy of the United States for the people of the South African republic and the Orange Free State in their heroic struggle to maintain their liberty and independence.

Resolved, That Congress, in the spirit of amity and friendship, appeal to the British government, in the name of humanity to accept overtures of peace, cease hostilities and endeavor to bring about a just and honorable settlement of existing differences.

Resolved, That the United States should fairly and honorably maintain a position of strict neutrality in this contest between nations friendly to us, and see to it that the neutrality laws are vigorously and impartially enforced.

Resolved, That we, as Democrats and representatives of the people, will use our utmost endeavor to force the committee now dominated by the Republican party, having in their hands the fate of the resolutions, to report the same back to the house, so that the Congress may give expression thereon to the sentiments and will of the American people.

PROPOSED SWISS TARIFF.

New Schedule Contains 1123 Articles Against 476 in Old One.

Washington, March 20.—The state department has made public a synopsis of the projected new tariff of Switzerland, which has been transmitted by United States Minister Hardin, at Bern, in a report dated Feb. 20. Mr. Hardin says that the tariff will be brought before the council national and the council of state in April and may next respectively, but he adds that it doubtless will be much later before the amended form which may be agreed upon by these two bodies reaches a vote. After this, he continues, there will be the proper of the possible submission to the people by referendum.

The new schedule of duties contains 1123 articles, as against 476 for the conventional tariff and 476 for the general tariff now in force. The minister notes a marked increase in the rates on 600 of these 1123 articles especially in the case of agricultural products, and the duties on the natural and artificial silicate treated wines, fresh and dried grapes, cattle, meats, poultry, butter, and cheese.

Mr. Hardin says that some of these increases in tariff are for the purpose of providing enlarged revenue, but the schedule, as a whole, he says, is generally regarded as a "tariff of war," on the basis of which concessions will be made which are apparent reductions of which are, in fact, augmentations of the present rates.

RUSSO-FRENCH CONVENTION.

Declaration of Attitude of Both Countries in Far East.

SENT TO MANY GOVERNMENTS.

Pleased With Anglo-Japanese Agreement, but Reserve Right to Defend Their Own Interests.

St. Petersburg, March 19.—The Official Messenger tomorrow will print the text of a Russo-French convention joint declaration, sent March 16 to the Austrian, Belgian, British, American, Spanish, German, Italian, Dutch, Chinese and Japanese governments. The declaration is as follows:

"The allied Russo-French governments are wholly pleased to discern that the Anglo-Japanese convention supports the essential principles which, according to the reiterated statements of France and Russia, constituted and still constitute the foundation of their policy.

"Both governments believe that the support of these principles is also a guarantee of their own in the far east. They are compelled, however, not to lose from view the possibility of limited action of other powers, or a repetition of their attitude, possibly impairing China's integrity and free development to the detriment of their reciprocal interests. They therefore reserve to themselves the right to take measures to defend these interests."

The preliminary remarks say that Russia desires the maintenance of the status quo in the Far East, and complete tranquility in the far east.

AS VIEWED IN PARIS.
Paris, March 20.—The morning papers here comment with much satisfaction and approval upon the Franco-Russian declaration concerning the Anglo-Japanese convention, which they consider strengthens the chances of lasting peace in the far east, as contributing to the establishment of the necessary balance of power as a striking concentration of the dual alliance and a definition of its scope, field and objects.

It says Le Figaro, "Germany and the United States have any misunderstanding regarding any alliance and policy in China or fears for the 'open door,' these are now removed. We are for the 'open door' on the condition that nobody attempts to close it on us."

The Gaulois thinks this declaration is at an opportune moment to remind Great Britain that her treaty with Japan does not leave her with such a clear field as she seems to think.

HOW REGARDED IN ENGLAND.
New York, March 20.—The reply of Russia and France to the Anglo-Japanese declaration concerning the Anglo-Japanese convention, which they consider strengthens the chances of lasting peace in the far east. The only newspaper that sees danger in it is the Daily Mail. The Morning Post on the other hand says it is a declaration which all the world may note with equanimity. The least important point of the declaration is the emphasis laid upon in which France and Russia are spoken of as allies.

BIG FIRE IN A DORMITORY.

One at Kentucky State Reform School is Totally Destroyed.

After some remarks of Mr. Randall, Mr. Sulzer and Mr. Cochran of Missouri, the Sulzer resolution was voted upon, 32 yeas and 35 nays. The final vote was then unanimously adopted. In pursuance of the action taken at the caucus tonight, a resolution was introduced for introduction in the house, and the committee will do everything in their power to secure action upon it.

The southern franchise question was not considered at tonight's caucus.

SCIENTIFIC BOUT TOMORROW NIGHT

Christie-Bean 20-Round Contest Attracts Widespread Interest.

EXCURSION FROM PROVO.

The Winner of the Contest Will be Challenged by Jim Flynn—Boxers Quit Training.

Tomorrow night the ring followers of Salt Lake will have a chance to witness a battle contest in which science will take the place of brute strength. It will be one in which clever blocking and pretty foot work will play an important part.

Jack Christie of Salt Lake, and Willard Bean of Provo, will box twenty rounds to a decision for the middleweight championship of the state. Both are long range fighters, and are among the cleverest in the western country. In weight they are very evenly matched. Christie has the longer reach of the two, but Bean has had more experience in the business. The conditions are such that neither man has any great advantage over the other, and therefore it is expected the bout will go pretty near the limit.

Christie will be in the northwest corner, and Bean will be in the southeast. Scores of the principals friends have secured seats behind their favorites, and Manager McNamee of the club has made arrangements to entertain a large crowd. An excursion will be run over the Rio Grande from Utah and it is expected a crowd of 200 or more will come up from Provo and adjoining towns.

FIGHTERS MET LAST NIGHT.

Clifford and Wade Talked Over Plans for Another Bout.

There has been enough "hot air" wasted about the fight between Clifford and Wade to fill a dozen big balloons, and while rumors are flying about to the effect that Clifford and Wade are going to come together again in the immediate future it is well enough to listen to a few words from the victorious young boxer:

"I am going to diet myself for about two weeks and get my system in its normal condition," he said, "I will not think of another fight for at least a month. After that I will meet Mr. Wade in a rematch, and I am confident that he cannot defeat me. If he wants another go here that suits me, as I intend to remain here for some time anyway."

The two jacks met last evening for the first time since their argument, and their greeting was perfectly friendly. Wade spoke of another match, and Clifford expressed a willingness to accommodate him. It is understood that

CLUB NOT ORGANIZED.

Another Meeting Called for Next Monday Evening.

The "Atheneum club" will be the name of the proposed athletic association. Those interested in the project met last night and discussed the matter thoroughly, but decided not to organize until next Monday night, when another meeting will be held. By that time it is hoped there will be enough interest in the movement to start the organization off with a membership of 100. Those present at last night's meeting were: J. A. McKenzie, J. N. Chapman, P. L. Hart, Fred Nightingale, Leroy Saunders, W. D. Rishel, F. E. Scheff, A. E. Beveridge, J. A. Shorten, J. Hall Moore, A. W. Smith, J. P. E. Walker, P. E. Walker, Hugh Rippey, Jesse Olsen, A. W. Cowan, Joe Zilligan, Archie Hill, Clarence McFadden, J. C. Gladden, A. E. Pennington, A. Post, W. E. Henry, Alvin Smith, Charles Bradley and C. M. Hay. The next meeting of the club will be Monday evening.

AMONG THE BOXERS.

Dal Hawkins Challenges Clifford—McCarthy vs Williams.

Last evening Jack McNamee received a telegram from Dal Hawkins, one of the cleverest lightweights in the country, last night and discussed the matter thoroughly, but decided not to organize until next Monday night, when another meeting will be held. By that time it is hoped there will be enough interest in the movement to start the organization off with a membership of 100. Those present at last night's meeting were: J. A. McKenzie, J. N. Chapman, P. L. Hart, Fred Nightingale, Leroy Saunders, W. D. Rishel, F. E. Scheff, A. E. Beveridge, J. A. Shorten, J. Hall Moore, A. W. Smith, J. P. E. Walker, P. E. Walker, Hugh Rippey, Jesse Olsen, A. W. Cowan, Joe Zilligan, Archie Hill, Clarence McFadden, J. C. Gladden, A. E. Pennington, A. Post, W. E. Henry, Alvin Smith, Charles Bradley and C. M. Hay. The next meeting of the club will be Monday evening.

It is reported that Wade will return to Butte either this evening or tomorrow, and see what arrangements he

can make there for a match with Clifford. He says he will take a long rest before he comes into the ring again. Clifford said he had received an offer from Butte to give exhibitions there and seriously considered accepting it. In the event he does go to Montana, he will return to this city after filling his engagement.

OUTSIDE EVENTS.

NEW SWIMMING RECORDS.

J. Scott Leary and Howard F. Brewer Perform Wonderful Feats.

San Francisco, Cal., March 20.—J. Scott Leary and Howard F. Brewer, the crack swimmers of the Olympic Athletic club, set several new American records last night. Leary swam 110 yards in one minute and thirteen seconds, the record being one minute, 22 1/2 seconds held by H. H. Reeder. Leary covered 125 yards in one minute and 28 seconds, the former record being 1:40 held by J. H. Taylor.

Brewer reduced the 600 yards record of 9:31 4/5, held by Otto Wahl, to 9:41. He continued to the six yard mark, covering the distance in 12:24. In this he lowered his own record of 12:40 2/5.

CHARITY CLAUSE DON'T GO.

Delaney and Jeffries Balk—Cannot Consider Proposition.

Oakland, Cal., March 19.—Billy Delaney, manager for James J. Jeffries, had this to say today about the hitch in the Jeffries-Fitzsimmons fight arrangements:

"We have given Fitzsimmons until this evening to answer us. Jeffries himself sent a personal wire to Fitz asking what his intentions were, but as yet he has received no answer. They tell me that the supervisors of San Francisco will allow the fight to take place, but the most money to charity. Such a proposition as that cannot be considered for a moment. We intend to benefit our purses as well as our health in this business.

"If Fitzsimmons is afraid of the referee, our here, we are willing he should bring any reputable eastern man out with Max Baer. As agreed upon, the club making the highest bid will get the fight, but if Fitzsimmons is not satisfied, we will accept any reasonable offer from any club."
